Quick study tools: http://revivearabic.blogspot.com/2015/01/quran-quick-study-tools-ayat-surah-root-word.html

Download all 16 books (13 Arabic, 3 English) : https://onedrive.live.com/?cid=70F882FE8CA92D5E&id=70F882FE8CA92D5E!1544

Quick Guide: 1st column gives Particles or Related Words (some nouns and verbs) covered.

1. **Offline Method:** The page numbers given in each books columns are the page numbers you can enter PDF page number box in downloaded PDFs of these books and go immediately to the page in the PDF.
2. **Online Method:** Simply click the page number for any particle on any book you want to study to open the relevant page on Archive. Click + i.e. magnify button to increase page size on Archive and start reading. (In link you can see the book code e.g. on hovering mouse over any link you can see link preview e.g **https://archive.org/stream/arabicparticles/ml#page/n43/mode/1up .** Note the 2 letter code just before the #page. Once you learn the codes, you can open your preferred books 1st.
3. **For Howell Arabic Grammar**, since the entries are frequently cross-referenced, you should download and use the fast topics locator along with this particles tool to quickly study the referenced topics also in each entry.

   Folder: https://onedrive.live.com/?cid=70F882FE8CA92D5E&id=70F882FE8CA92D5E%211242
4. **Last 2 columns:** are estimated links on Arabic Almanac & Mawrid Reader. See
   http://revivearabic.blogspot.com/p/using-arabic-almanac.html for the detailed user guide on how to use these 2 tools. Also see the above link for an idea to have a similar tool for accessing all these particles books together like Arabic Almanac.
   For the last 2 columns, the links are estimated, so you may have to press back or next arrow key or button few times to reach the required page on the books of Arabic Almanac or Mawrid Reader.
